PROTECTING YOUR HOLIDAY CHEER

The holiday season brings joy but also brings the risk of online scams. Stay vigilant by following these cybersecurity tips:

- Avoid clicking on links or attachments from unknown emails
- Shop from well-known websites with secure payment options
- Update software, use strong passwords, and enable multi-factor authentication
- Check legitimacy before donating to avoid fake organizations
- Be cautious with suspicious ads and links promising unrealistic discounts

Stay informed and practice these measures in order to protect your personal and financial information during the holiday season. We hope you have a happy and safe holiday season!

NEED SOME DOUGH THIS CHRISTMAS?

Let us help with your cash needs this holiday season. Worries about overpaying for Christmas shouldn't detract from this special season! Our Christmas Loan is a great option to help you get through this wonderful – and sometimes chaotic – time of year.
