## A FALL NOTE FROM STACY:

Thanksgiving is my favorite holiday.

Yes, yes, Christmas is a very close second, followed by Halloween, but I digress! Back to Thanksgiving!

Reflecting on the gifts in my life and taking the time to say thanks is not something I take lightly. This past year has been a whirlwind and has had its fill of challenges and accomplishments. As I step back and look around, I give thanks for my family, my work family, and the opportunity to get to know and serve our WFFCU members! It is a privilege to be part of an organization whose purpose is to help people. So yes, Thanksgiving is my favorite holiday. Please take some time over the coming days to stop and reflect on the gifts in your life. Don't wait to tell someone you care, to say thank you, or to say I love you. Thanks to all of our members for everything you do!

**I WISH YOU ALL A VERY HAPPY THANKSGIVING!**

## WHAT WE ARE THANKFUL FOR:

“I am thankful for my wonderful job, my health, along with my family’s health.” -Julie

“I am thankful for another year with my family.” -Christina

”I am thankful for my health!” -Sadie

“I think my list could go on forever. To simplify... life” -Monica

“I am thankful for my credit union family! I always know it's going to be a good day when I get up for work.” -Rylan

“I am so blessed and thankful to be surrounded by people who are patient, considerate, and kind. I listen to NPR when I’m on my way to work or the grocery store and a person on the talk show said, “a person who is listened to becomes a better listener to others”. And I thought about all the people who took the time to listen to me and how grateful I am to them. There is a lesson to be learned every day and I’m thankful to the people who share their knowledge.” - Ashley
